Participating in the IB Diploma Programme is a rigorous undertaking and requires a great deal of work on the part of the student as well as a tremendous amount of support from the parents. The Diploma Programme is suited for students who are highly motivated and willing to work hard to meet the demands of the program. We want all interested students to participate, but we also want to make sure students and parents understand the demands of the program before getting involved.

Students who sign up for the IB Diploma Programme affirm their intention to complete the full two-year course of study, 150 CAS hours, a high quality extended essay, and meet all deadlines imposed by the IB Coordinator. It is expected that students will conduct themselves according to the rules of student behavior at all times and make sure they act ethically and responsibly in all aspects of their academic work.

Parents understand that they are to monitor their student's progress in the program and provide support in whatever form necessary for successful completion of the program. If further support is necessary, please contact the counselor or the IB Coordinator, Sharry Colnar. This form is due to the IB Coordinator no later than September 12.
